

CELEBRATION OF FACULTY SCHOLARSHIPS AND GRANTS

IN

**OLUSEGUN AGAGU
UNIVERSITY OF SCIENCE
AND TECHNOLOGY,
OKITIPUPA. ONDO STATE,
NIGERIA**

(2021 -2022)

Vision:

To be a leading internationally-recognized Institution raising a corps of technologically competent individuals, that are capable to respond to the needs of their environment in a technology-driven economy.

Mission:

To provide sound scientific, technological and professional training, identify technological needs and problems, solve them within the context of community, national needs and sustainable development.

Motto:

For Society and Development

OAUSTECH Anthem

1. Great OAUSTECH, for learning at its best,
Great OAUSTECH, Alma mater so unique;
For skilful competence, and societal development
We will set the pace with the fear of God
For advancement and nation's pride.

*OAUSTECH! Will lead for others to follow;
OAUSTECH! For expertise,
OAUSTECH! For competence,
We will set the pace with the fear of God
For advancement and nation's pride.*

2. Great OAUSTECH, trains for self-reliance,
Great OAUSTECH, Alma mater so unique;
For raising great technocrats and outstanding
leadership
We will take our land to a height so great
For advancement and nation's pride

*OAUSTECH! Will lead for others to follow;
OAUSTECH! For expertise,
OAUSTECH! For competence,
We will take our land to a height so great
For advancement and nation's pride.
OAUSTECH, a place to be!*

PREFACE

This booklet tagged “Celebration of Faculty Scholarships and Grants”, a concept that was conceived for publication by the Vice Chancellor in person of Prof. Temi. E. Ologunorisa to celebrate excellence and equally encourage hard works, dedications and commitments of academics across the nooks and crannies of the University. Scholarships and Grants are parts of the measurable parameters that determine the visibility and expertise of any flourishing University and it helps to bring the University into the lime light among the comity of universities across the globe.

It is therefore very imperative to compile the list of academics in this regard in order to project their various fields and disciplines with qualitative researches for global visibility and assessment.

Prof. S. Fakoya

Director, Centre for Research and Development

FOREWORD

Research is what separates Universities all over the world from other learning institutions. It is my pleasure to write a foreword on this little book which is a compilation of faculty scholarship, grants and achievements of Olusegun Agagu University of Science and Technology, Okitipupa, Ondo State, Nigeria for the period 2021 – 2022 academic session.

It is important to document these achievements for two major reasons. First, to celebrate and encourage our active and vibrant scholars and researchers for making the University proud in terms of increasing our research visibility and ranking as an institution. Second, to serve as a veritable source of reference and resource materials for scholars and researchers working on cross cutting themes of Science, Agriculture and Engineering. It is my expectation that this publication will serve as a wake-up call for those who have not been active to wake-up and work on cutting edge and interdisciplinary research which ultimately will expand the frontiers of knowledge and provide solution to the contemporary challenges confronting mankind in the 21st century.

I want to sincerely appreciate the efforts of Prof. Soji Fakoya for this important book. I sincerely hope that subsequent editions will elicit better response from our faculty especially those in Engineering which recorded very few citations.

I want to warmly recommend this book to all lovers of scholarship in Science, Agriculture and Engineering.

Prof. Temi. E. Ologunorisa
Vice-Chancellor
